Re-Opening Plans
August 25, 2020

Hello Codman Families,

Welcome to the 2020.21 school year! I am looking forward to working with all of you and your children as we begin this unparalleled school year. Not only is this year unparalleled in that we are starting during a pandemic, remotely, with uncertainty about our full return to normalcy, but it is also our 20th year as a school! We are excited to celebrate this accomplishment with all of you in various ways throughout the year and hope it brings us a sense of joy and togetherness as we navigate this year.

While our in person 2019.20 school year was cut short, it is important for us to recognize and appreciate the many positive events and important accomplishments made throughout the year. Our athletics program continued to shine with our girls volleyball team reaching the semifinals; our fieldwork to places like the Wheelock Family Theater, The Museum of Fine Arts, and the Harvard Museum of Natural History gave our students the opportunity to see their learning in action; our 8th Grade Step Up Ceremony and Upper School graduations were conducted seamlessly through Zoom with incredible pride and excitement; and our community came together to embrace online learning and support each other through technology distribution, individual teaching sessions, and food/supply drop offs.

As you end your summer, join us in our enthusiasm about starting the school year. We are excited to see you all virtually and continue this journey together.

Thank you for all of your support and as always, reach out when you need us, we are here and happy to be in this work with all of you.

Best,

Pamela Casna
Principal

September 1st: Board of Trustees
6pm-8pm

September 7th: No Classes
Labor Day Holiday

September 8th: First Day of Classes for students, K1/K2

September 8th: Parent Council
(K1-8 5:00pm, 9-12 6:00pm)
Hello all, my name is Anthony Travers and I am the Director of Food Services for Codman Academy. My team and I are extremely excited to let you know that we will be producing meals for students during this period of remote learning. We will be returning to our true passion of producing healthy, from scratch meals when applicable. Lunch will be available Monday thru Friday in a grab & go form, as well as breakfast for the following day. We will be distributing all meals from the Upper School (in front of the main office) located at 10 Epping Street from 11:00a.m. – 1:30p.m.

In an effort to slow the spread of Covid-19 and keep our community healthy, we will be asking for just one member of a family of a student to enter the building when picking up meals, and that a face mask be worn during that time. Myself and my team will be hyper vigilant in maintaining a healthy environment by cleaning, sanitizing, and disinfecting all contact surfaces during food distribution.

Our goal is that this planned service model will grow and become more efficient in the following weeks, so please be on the lookout for updates and changes that will improve the way we provide meals. Please feel free to contact myself via email @ atravers@codmanacademy.org, I will do my very best to assist you in regards to food distribution questions.
What Should I Expect for Reopening?

On August 13th we submitted our Board of Trustees approved Re-opening Plan to the Department of Elementary and Secondary Education. The required plan includes a model for remote learning, hybrid learning, and a full in person learning model. These models were developed and reviewed by our teams with a focus on what’s best for our students—physical health, education, and emotional well-being. While we hope to return to in-person learning soon, we will begin the year with remote learning.

We appreciate the work you have done to ensure your student is able to continue growing as we navigate change. Please continue to communicate with us about your specific needs. Our goal is to ensure that all Codman scholars are actively engaged in powerful learning experiences starting on day one!
